Model & lingerie designer Caprice, 39, talk us through some of her memorable paparazzi moments

### TEEN BEAUTY QUEEN

☛ This photo has never been seen before - it's a *Closer* exclusive! I was 18 and only entered the Miss Teen California pageant to make my mum proud but it's lucky I did because this was where my agent spotted me.

### GIRLS' NIGHT OUT

☛ When I moved to London in 1996 I met It girl Tamara Beckwith. She took me under her wing, taking me to premieres and looking after me. This is one of our nights out, I'm wearing a Herve Leger dress, which I still own!

### SHE SHOOTS, SHE SCORES

☛ This was at a charity football tournament in 2006. I couldn't believe how exhausting football was - we played three games and I almost had a coronary. I was very proud of myself as I headed a goal - hardcore!
